

PowerSchool® Partner

A Proven Solution

A Proven Solution

PowerSchool is the leading and fastest growing student information system (SIS) available today, supporting more than 8.5 million students in all 50 states and over 65 foreign countries. Last year, more schools and districts selected PowerSchool than any other SIS product on the market. Today, PowerSchool supports a wide range of implementations – including schools as small as 25 students, districts as large as 80,000 students and statewide deployments.

Impact to Student Achievement

The deep functions of PowerSchool allow today's educators to make real-time decisions about each student, while creating a collaborative environment for parents, teachers and students to work together to prepare students for the future. Access to real-time information allows student performance to be addressed in a timely manner.

Easy to Learn, Easy to Use

By leveraging the latest web technologies and evolving web design standards, PowerSchool presents users with a clean interface that is easy to learn, and easy to use. With over a decade of experience as a completely web-based system, PowerSchool stands alone as the deepest and most flexible SIS available to meet the needs of K-12 districts. Through SIF® Compliance, an open platform, and the ability to share enhancements with other users, PowerSchool allows each customer to easily tailor the best solution for their needs.

Maximize Collections and Revenue

Acorn™ ensures that every dollar in collections and revenue is captured in order to meet increasingly tight school budgets. PowerSchool users are given the flexibility to bill, collect and process fees for courses, events, field trips, bus passes, textbook rentals, incidentals, deposits, optional items, payment plans, tuition and more. By integrating with PowerSchool, Acorn automatically adds, adjusts, prorates, waives and discounts school fees based on current schedule and enrollment data.

Prevent Fraud

Acorn increases accuracy and prevents fraud by standardizing and automating the entire school fee process. Every dollar collected is appropriately allocated. Detailed transactional history provides an easy audit trail. With barcoded forms and secure online payments, Acorn protects precious school resources needed to maintain high educational standards.

Build Confidence

Acorn enables users to accurately bill, collect and process school fees with ease and in less time. As transactions occur, Acorn automatically creates detailed entries, efficiently balancing the school's books. Instant student statements and secure online payments give PowerSchool users the tools to perform their job with confidence while also making the school fee process convenient for parents and students.

PowerSchool® Partner

About Pearson

As the industry leader in SIS and performance solutions, Pearson offers schools and districts access to deep expertise and an unparalleled selection of technologies that address the challenges of achievement, reporting, growth and scalability. Our student information systems enable schools and districts to leverage technology to ease reporting burdens, open up lines of communication and simplify internal processes, such as scheduling and grading.

We believe that providing today's schools and districts with a choice of flexible, interoperable and customizable technology solutions is critical to establishing the infrastructure needed to power performance across all stakeholder groups, be it schools, districts, administrators, teachers or students.

About Rycor Software

Rycor Software brings enterprise-class SaaS solutions to PowerSchool. Maximize collections and revenue, guard assets and prevent fraud with Acorn Integrated Student Billing and Leaf™ Textbook Management.

By integrating with PowerSchool, Rycor Software enables users to efficiently manage school fees and textbook assets while keeping current with schedule and enrollment changes.

Rycor Software is based in Vancouver, B.C. and has provided solutions for school districts throughout the U.S. and Canada for over ten years.

Rycor Software is committed to customer service excellence. Through the intuitive interface design, the step-by-step user guides, and a helpful support staff, Rycor Software assists PowerSchool users every step of the way.
