

EBSCOed

Remote Learning Made Easy

Meet EBSCOed

Offered by EBSCO Information Services (EBSCO), a leader in research content and information platforms, the EBSCOed portal is a **single access point to all approved educational resources within your school district's community.**

Users can be confident they are using only approved resources for course design, homework help, and research.

Why Consider EBSCOed?

The EBSCOed platform empowers schools and school systems of any scale to aggregate and streamline access to all of their digital resources in a single experience, with a single account—including, but not limited to, subscription resources, proprietary content, licensed materials and textbooks, approved open-access resources, professional development activities and more. **Additional integration options include:**

- Your school's course management system
- LMS
- Google Classroom
- Chat tools
- Events management

What's Included

Improve remote learning and streamline access via a number of core features within EBSCOed.

Anytime, Anywhere Access

A responsive portal that works on any device.

Customized to Fit Your Needs

Customize your portal according to school courses, subjects, standards, grade bands, terminology and more.

Satisfy the Entire School Community

Provide personalized experiences for students, teachers, and parents.

Trusted Content

Get access to an index of approved learning resources and materials.

Schoology Integration

More Personalization Means More Usage

Our Apps in Schoology enable personalized experiences that facilitate easy access and inclusion in course programming for teachers and students.

Built by Experts

The EBSCOed platform is offered by EBSCO Information Services (EBSCO). EBSCO is the leading provider of research databases, e-journals, magazine subscriptions, e-books, and search technology services to customers of all kinds. For more than 70 years, we've partnered with schools and libraries to improve research with quality content and technology.
